REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
Claims 1-13 have been found to be allowable over the prior art of record. The claims have been amended to recite that the protective layer is "exhausted into a gas phase" due to the UV radiation. The prior art of record does not teach or suggest this limitation. Mori teaches the liquid development of the protective layer. EP 0178864 does not correct for this deficiency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication should be directed to Examiner K. Duda at (571) 272-1383. Official FAX communications should be sent to (703) 872-9306.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff, can be reached at 571-272-1385.
